Tom Cat's famous character of my Tom the Desert series suddenly has misery when the thief visits the house. Luckily, Tom discovered chasing the thief, collecting the gold and creating an endless runner. Read and remember the basic tips below because you will be the one to help Tom find his property! This is Tom Gold Run using an easy control mechanism like subway skiers. You will turn left 2 to move to different routes, while clicking on the screen will cause Tom to jump. The first thing to remember here is that while Tom can't make a double jump, he can move sideways while he's in the air. You'll make the most of it and use it so skillfully. This is a game with infinite network numbers. Every time you are stabbed into an object, you will be returned to the main interface. In addition to using gold accumulated in something, there will be more new runs locked in. To avoid getting bored, instead of going back to the old level, try playing these new scenes. Talking Edge Game Tom Gold Run APK – Gold is the most important thing you need to collect. Running will have other items as well as difficult obstacles, but should still always strive to take all the gold first. - Helmets and magnets are useful items. One thing that helps you bulge and double the amount of gold earned. Magnets help suck all the gold on the run. It is important to note that if the combination is both a hat and a magnet, the effect will increase greatly. That's why you try to keep these things solid. In Talking tom gold run MOD, Tom and other friends like Angela, Ben, Hank, anyone can be upgraded in different ways. The material needed to do this is usually through a safe, click the alert display and use aircraft acceleration. - Each different character has her own special abilities. For example, Angela can upgrade her stamina to double that of Tom. But on the contrary, Tom's ability to suck magnets is longer if upgraded. - To upgrade a character, you also need to spend a good time playing. It's better to pick one of their favorites and stick with that character for a while. The more depth upgraded, the happier the character controls. On tom's starting screen talking gold run for android hack, you will often see a package falling from the sky. Remember to click on it, and you can watch a video. Watching these videos will give you more things related to future upgrades. You can watch a circle of videos if you want. At the end of each video, you'll get a selection of packages. Press it to see what's inside. The uses of these things will be very varied and useful.
